Other - Describe Below:

**Project Summary- Provide a brief description of your project: For planning projects include a final deliverable.**

The Regional Information Sharing System, under the oversight of the associated UASI focus group, strives to "connect the dots" across disparate agencies and their standalone records systems into a unified regional platform, then enhance our capability to search and analyze them. Related information that would be fragmented across 100+ disparate databases becomes accessible from one interface, with effective temporal, geospatial, and linked-entity capabilities to facilitate meaningful and actionable analysis. Examples include location of wanted persons, tracking of crime trends, and alerts on new encounters.
