### Project Description

Select a goal: Goal 3 - Communications

*Please note: Your project must align with and available priority capability objective for this fiscal year. If your project aligns with an unavailable priority capability objective it may be deemed non-complaint. Please click here to review all of the Bay Area UASI Homeland Security Goals & Objectives*

Select a Priority Capability Objective: Objective 3.1 Operational Communications

*Objective*

Select the most applicable FEMA Core Capability for your project: Operational Communications

*FEMA Core Capabilities*

Select a nexus to terrorism: This project will enhance regional capacity to:

Prevent Terrorist Attacks, Protect Against Terrorist Attacks, Mitigate Effects of Terrorist Attacks, Respond to Terrorist Attacks, Recover from Terrorist Attacks

*Select all that apply*

The project will support regional public safety voice and broadband communications planning/governance. These systems may be the only available way for public safety to communicate during a terrorist attack. These systems are also used to prevent, protect against, and recover from terrorist activity

**Describe the nexus to terrorism in detail:**

**Select all applicable outcomes:**

Yes

a) During the first 24 hours following a no-notice incident, responders share mission critical voice information with each other and with responders from across the Bay Area region.

Yes

b) Ensure local or regional emergency communications systems are based on established governance, standard operating procedures, and technology.

Yes

c) During the first 72 hours following a catastrophic event, ensure that redundancies within state systems provide sufficient capability for continued communications, despite damage to regional systems (THIRA).

Yes

d) Within seven days following a catastrophic event, implement a plan to re-establish communications infrastructure throughout the Bay Area, especially commercial communication systems relying on cable (THIRA).

No

Other - Describe Below:

For the past three years, BayRICS has received regional funding for public safety broadband planning and governance. This proposal is for \$59,000 for contract services to support terrorism preparedness by continued support for broadband planning activities, and also regional governance activities required to ensure interoperability of public safety voice and broadband data communications. Funding will be used to coordinate the deployment of the FirstNet nationwide public safety broadband network in the Bay Area, and to develop and implement regional governance policies and procedures for public safety voice and data communications

**Project Summary- Provide a brief description of your project: For planning projects include a final deliverable.**
