Re: Re-allocation of FY2010 UASI Funds

Action or Discussion Item:

Discussion and possible action.

Background

This report is intended to provide information regarding a request from the San Francisco Police Department (SFPD), the San Francisco Sheriff's Department (SFSD) and the San Mateo County Sheriff's Office (SMSO) to modify a portion of the originally approved FY 2010 UASI grant funding to these agencies.

The West Bay Hub, with the SFPD and the SMSO as partnering agencies initially proposed to enhance the Crime Laboratories in both agencies. The project was initially approved by the Approval Authority. However, upon further review by the Bay Area UASI, it was determined that this project was ineligible for the original \$734,000 allocated for FY2010.

Proposal to Build a Regional Mobile Field Force

The San Francisco Police Department, the San Francisco Sheriff's Department and the San Mateo County Sheriff's Office have partnered as regional collaborators. These three law enforcement agencies are interested in developing a regional Mobile Field Force (MFF) with the necessary equipment, as a resource for regional terrorism preparation for deployment as needed.

The MFF Team and equipment would be used as a regional first responder team during acts of terrorism and, based on their training and equipment would be able to enter hot and warm zones, provide force protection and secure areas. This function may not be accomplished by other first responder law enforcement officers without this proper training and equipment. For example, the regional Mobile Field Force Team would be used to secure areas during a CBRNE incident and would be the primary first responders to secure vital areas.

In a Medical Surge event, the MFF would be committed to supporting county hospitals as a security element. Further, in the event of a man-made or natural disaster in the region, the MFF could be utilized at food supply distribution and other resource locations.

In addition, the Mobile Field Force Team would be developed and utilized during other terroristic activity such as an active shooter, armed hostage situation, or a prolonged criminal incident, 24 hours a day, 7 days a week.

As part of this proposed project, these three main Law Enforcement agencies would participate in regional training and exercises to strengthen regional mutual aid response. In addition, members of various San Mateo County Law Enforcement Agencies as well as other law enforcement agencies in the region will attend the training, facilitated by the San Francisco Police Academy.

Should the Approval Authority approve this reallocation, the three agencies named will assume responsibility for sustaining this Mobile Field Force.

Equipment

See Attachment 1

Training and Exercises

Training:

The three main Law Enforcement Agencies will partner to present regional Mobile Field Force Training as follows:

Three, sixteen (16) hour Mobile Field Force courses presented, followed by an eight(8) hour regional joint training exercise (see below). This would be repeated five (5) times. Instructors will be from the San Francisco Police Department, San Francisco Sheriff's Department and the San Mateo County Sheriff's Office.

The plan for 3 classes followed by a joint training exercise, will be repeated five (5) times, training a total of 600 Law Enforcement Officers in FY2012.

Project class participants for each 16 hour class: 1) 15 SFPD, 2) 5 SFSD, 3) 15 SMCSO, 4) 5 reserved for other designated Law Enforcement agencies. Totaling 40 Members per class.

Although the request is for agencies to send their personnel on duty, funds will be allocated to the San Mateo County Sheriff's Office to support sending personnel.

Exercises:

One hundred and twenty (120) officers will be assigned to the one-day joint training exercise at the expense to the individual agency.

Members from the San Francisco Police Department, San Francisco Sheriff's Department, San Mateo County Sheriff's Office, the Santa Clara County Sheriff's Office and other Law Enforcement Agencies, who have attended the 16-hour training class, will participate in the regional joint training exercise hosted by the San Francisco Police Academy.

Ten (10) Instructors will be assigned to the exercise.

Thirty (30) role players will be utilized, as provided for by the San Mateo County Sheriff's Department.

Site selection in San Francisco or San Mateo County

Budget or Fiscal Impact:

1. Equipment: \$483,936
2. Training: \$145,000 + SMCSO: \$67,464
3. Exercises: \$37,600

Total: \$734,000 FY2010 Allocation

Timeline:

Proposal to UASI Advisory Group	01/05/2012	01/05/2012
Proposal to UASI Approval Authority	01/12/2012	01/12/2012
Purchase of Equipment facilitated by The San Mateo County Sheriff's Office	01/12/2012	08/01/2012
Prepare course presentation for 16 hour course and 8-hour regional training exercise	01/15/2012	03/15/2012
Present training and exercises for Regional Training Exercise	03/15/2012	11/01/2012

Staff Recommendation:

Approve request to modify the FY 2010 West Bay Hub Allocation to develop a regional West Bay Hub Mobile Field Force as identified above and in Attachment 1.

Advisory Group Comment:

The Bay Area UASI Advisory Group discussed this proposal at their January 5, 2012 meeting and the group's comments have been incorporated herein.
